

NEW! LED ENCLOSURE BOX

WET LOCATION

The Ultimate[®] LED Box for 1 or 2 Power Supplies

FEATURES

- Meets or exceeds all UL Requirements (SAM Manual) for power supply spacing to other heat producing components (4" & 2" spacing requirements)
- Simplifies ground requirements for most LED drivers (Equipment Ground Connector already installed)
- Using our patented side wall clips and clamp system makes mounting power supplies easy (accommodates most used LED drivers) on double power supply box.
- Pilot hole for the special use on/off switch in a convenient place with room to fit all switches available
- Features a built-in primary barrier to aid in segregating primary wiring from all secondary leads
- Suitable for use in dry, damp and wet locations
- Double Box may hold two 120W 12VDC power supplies
- Use with Ventex 20A Toggle Switch
